Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner Hawkins telephoned Attorney Oberdick to request that supplementary language be added to the specification to provide antecedent basis for the limitations of Claim 9, which would bring the application into condition for allowance. Attorney Oberdick suggested that a sentence be added to the first paragraph on page 11 of the specification as follows: - -Vinyl layers 174 may comprise two separate pieces of material or may comprise a single piece of material folded back on itself.- - Examiner Hawkins agreed to execute the change via an Examiner's Amendment. .
